### 02 An Advisory Committee Convenes*

**Who:** An advisory committee of cross-sector leaders meets to discuss nonprofit community recovery needs throughout the state. Members recommend where and to whom funds should go.

### 03 Funds are Distributed through Grants

**What:** Funds will go directly to community intermediaries, such as local community foundations, Minnesota Initiative Foundations, tribal nations, coalitions, networks, associations, or TA providers.

**Why:** The MDRF supports community intermediaries because they have a deep understanding of the needs in their communities and the relationships to distribute resources quickly and effectively to a wide range of nonprofit organizations.

### 04 Minnesota Communities Receive Support

**What:** Next, these community intermediaries re-grant and/or provide technical assistance to nonprofit organizations to work toward a more equitable, vibrant future with the communities they serve.
